

Man Who May Have Made Self a Torch, Dies

PONTIAC, Mich. (AP) — Michigan Atty. Gen. Paul L. Adams said today he is convinced Teamsters business agent Frank Klerdorf became a human torch while trying to set fire to a cleaning shop at nearby Flint.

Adams and other investigators told newsmen that Klerdorf's story, that he was abducted and set afire Sunday night by two assailants he didn't know, was "lingering apart."

The attorney general said to witness whose identity was not disclosed told him he viewed explosions and heard anguished cries from inside the fiery building. The witness reportedly was being held in protective custody at a secret location.

Adams told his second news conference today he believes the witness' story is true.

The 56-year-old Klerdorf, a business agent for a Teamsters Union local at Flint, staggered into a Pontiac Hospital at 1 a.m. Monday. He was burned over 85 per cent of his body, and is not expected to live.

Adams linked the burning with an explosion and fire Sunday night at the Latreille cleaners at Flint. The fire was reported at 11 p.m. Klerdorf staggered into the hospital at Pontiac, 30 miles away, at 1 a.m. Monday.

Adams, who would not discuss possible motives, entered the investigation Wednesday at the request of Gov. G. Mennen Williams.

Wm. O. Washburn, Father of Star Publisher, Dies at 89

William Oliver Washburn

The photograph shows Mr. Washburn getting off an airliner at Philadelphia, Pa., in 1950—when he was still an active figure at age 81.

William Oliver Washburn, 89, father of the publisher of Hope Star, died at his home in Sarasota, Fla., this morning (Thursday). He had been ill since 1953, he succumbed to pneumonia.

He was known to many Hope people from frequent visits with his son here prior to the death of Mrs. Washburn in 1946. The family home was at Wilkes-Barre, Pa., but after Mrs. Washburn's death he moved to Sarasota, Fla., in 1951.

Funeral services will be at 10 a.m. Monday, August 11, at Snowden's Funeral Home, Wilkes-Barre, with burial at Wilkes-Barre. Mr. Washburn will fly from Sarasota to Pittsburgh, Pa., Friday, joining his youngest brother, Charles, there for the journey across Pennsylvania to Wilkes-Barre.

William Oliver Washburn was a pioneer life insurance manager, banker, and civic leader of Wilkes-Barre, Pa. Although he retired from insurance in 1935, he maintained banking and civic interests until moving to Sarasota, Fla., the first of 1951 for reasons of health.

He was born in Susquehanna county, Pennsylvania, April 13, 1869, the son of Oliver Pryor Washburn and Martha Lindsey Washburn. Orphaned at 7, he was reared at Truicksville, Pa., by an aunt, Loretta Washburn Randall, and her husband George Randall.

In 1889 Mr. Washburn joined Metropolitan Life Insurance company as an agent in the Wilkes-Barre district—beginning an association that was to last 48 years. At the time of his retirement, as Wilkes-Barre manager in 1935, he was head of one of the largest life insurance districts in America.

His first promotion, as a young Wilkes-Barre agent in the 1890s, was to be assistant manager in one of the Philadelphia districts. From Philadelphia he went to Bloomington, Ill., as an assistant, then became manager in Logansport, Ind.

In 1907 Metropolitan Life had an organization job to do at Toronto, financial capital of Canada, where all American insurance companies had tough going against an array of native firms. Mr. Washburn wanted the post back in his home town, Wilkes-Barre—but he also wanted to get married. While at Bloomington he had met a school teacher from Quincy, Ill., Miss Annie Henry. They were married in Quincy in 1907—and took the Toronto assignment. Three years later Mr. Washburn returned to Wilkes-Barre, as manager of the district where he had started as a cub agent 11 years before.

From 1911 to 1950 he was interested in banks of Wilkes-Barre and Wyoming Valley. He was one of the founders of the Luzerne County National, and was a director and member of the executive committee of the Miners National, both of Wilkes-Barre, and was president of the suburban Peoples National Bank of Edinburgville, Pa., until 1950.

He had a penchant for helping youth. He was a lifetime director of the Wilkes-Barre Y.M.C.A. and for 20 years was president of the board of K.L.S. Industrial School for Boys—a mountain farm owned and operated by the Luzerne county government where wayward boys worked out their own salvation leading happy herds.

The K.L.S. enterprise, which Mr. Washburn's own boys raised and loved, was the last of many projects he had taken on in his life.

Probers Believe Boss Hoffa Has Perjured Self

WASHINGTON (AP)—The Senate Rackets Committee today raised a question whether Teamster boss James R. Hoffa had perjured himself in testimony before it. The issue was sent to the Justice Department.

Perjury—false testimony under oath—is punishable by up to five years imprisonment and \$10,000 fine.

Chairman John L. McClellan (D-Ark) said there was a direct conflict between testimony by Hoffa last year and testimony heard this morning from Detroit heavyweight boxer Embree Davidson.

Hoffa swore last fall that no Teamster funds ever were paid to Davidson.

Davidson testified today he drew \$75 a week for nearly two years from the Michigan Teamsters Union welfare fund but did no work for it.

At the time, Davidson, once considered a good heavyweight prospect, was managed by Owen J. (Bert) Brennan, a Teamsters vice president.

Brennan was called to the witness stand and invoked the Fifth Amendment in refusing to answer any questions about the boxer.

Brennan also refused to answer any questions about testimony naming him as associating with a fight fixer and a dope peddler.

Brennan is the "partner" that Hoffa said Wednesday was responsible for some \$90,000 of income to Hoffa over an eight-year period. Hoffa described the money as gambling gains.

The testimony about Brennan's association with an alleged narcotics violator and a fight fixer came from Patrick O'Carroll, an agent for the Bureau of Narcotics, and was amplified by committee investigators.

Reading from a Narcotics Bureau report drafted in New York City, O'Carroll said Brennan registered in a New York Hotel in July 1953 with Raffaele Quasiano. He identified Quasiano as an active Detroit dope peddler.

O'Carroll said the night before a fight in New York by Davidson, a former Detroit boxer who now lives in Youngstown, Ohio, Brennan telephoned a New York clothing establishment.

The committee said this place was run by a fight fixer known as Hyman the Mink.

Davidson testified earlier that he was getting 75 a week at the time from the Teamsters welfare fund in Detroit with Hoffa's permission.

Committee counsel Robert Kennedy read from the record of last fall in which Hoffa specifically testified that Davidson was not paid from any union funds.

Another witness was Sam Marzocco, a convicted extortionist, who took the Fifth Amendment when asked whether he split his shakedown profits with high Teamster officials.

Marzocco also declined to say whether he had any conversations with Hoffa on getting out of prison in 1955. And he refused to say whether he was secretly paid on the Teamsters payroll in violation of his parole terms.

Herbert Grossberg, Hoffa's accountant, testified he destroyed the net worth statement on orders of George S. Fitzgerald, one of Hoffa's lawyers. But Grossberg said this was before the committee.

Cameron Co. to Build \$300,000 Plant Here to Manufacture Feed

GROUNDBREAKING ceremonies for the new \$300,000 feed mill which is to be built by Cameron Feed Mills, Inc., of North Little Rock, Ark., today, shows (left to right) Mayor George Frazier, Bill Caldwell, chairman of the site committee; Ted Cameron, president of the feed firm; Jack Lowe, president of the Chamber of Commerce; Judge James W. Pilkinton, president of the Hempstead Industrial Foundation; John Randolph, general manager of Corn Belt Hatcheries; Mrs. Freddie Greenan, president of Corn Belt Hatcheries; B. N. Holt, C.O.C. manager and Frank McLarty, chairman of the new industrial committee.

Will Specialize in Feed for Poultry Industry

Cameron Feed Mills, Inc., of North Little Rock, Ark., has announced plans for a bulk feed mill in Hope.

Cost of the installation is estimated at approximately \$300,000. Plant capacity will exceed 160 tons daily. Management plans and operational policies will be announced at a later date.

The mill will specialize in the production of broiler, laying and turkey feeds (mash, pellets and crumbles) to be used in bulk feed (ing operations). Packaged mash, crumbles will continue to be processed and shipped from the North Little Rock plant to dealers all over the southwest.

Modern Plant

G. Ted Cameron, President of Cameron Feed Mills, said: "We will build a modern feed manufacturing plant which will utilize the most up-to-date concepts of bulk ingredient and bulk feed handling to serve the poultry industry in this part of Arkansas. The mill will be placed in operation as quickly as building construction and installation of machinery can be completed." The plant will be similar to installations they now have in Nashville and Russellville, and a third branch plant recently announced for El Dorado, Arkansas.

Combined Effort

"This new mill is a development brought about by the combined efforts of the Hempstead County Industrial Foundation, the Hope Chamber of Commerce and officials of the City and County, according to Judge James Pilkinton, President of the Hempstead County Industrial Foundation, the construction of a complete milling operation in Hope will help to further foster and develop the poultry industry already in this area."

From the outset, we in the Industrial Foundation have believed any new industry that helped existing industry would be doubly valuable to our area," he said. "Here is a new industry coming to Hope. It will help to strengthen the competitive position of the various segments of the poultry industry already here. In addition, it can provide a market for some of the feed grains produced by the farmers of this area."

Old Firm

According to Joe E. Scott, Vice-President and in his 42nd year with Cameron Feed Mills, the North Little Rock mill was founded in 1914 by Guy Cameron, C. R. Hays and the Reverend James Thomas, with Mr. Cameron later acquiring the interests of the other partners.

In 1923 a new structure of concrete and steel replaced the old mill that was destroyed by fire. The company began the manufacture of molasses feeds as early as 1919 and has been actively engaged in the promotion of commercial poultry production for more than 20 years.

The firm manufactures a complete line of feeds for poultry, dairy cows, cattle, hogs, horses and mules, rabbits and dogs. The brand name of these feeds is Prime Quality and they are distributed in the south central section of the United States and in the Caribbean area. Cameron Feed Mills is one of the largest carload shippers in the state.

A site has been secured from the Hempstead County Industrial Foundation on the Louisiana and Arkansas Railroad as the Hope location, and a railroad spur will be constructed. The site consists of 9 1/2 acres on Highway 29.

Jack Lowe, President of the Chamber of Commerce said: "The new feed mill is now a reality and has been acquired through the consolidated and persistent devotion of many civic groups and individual citizens. We salute them all. We cannot, however, overlook the civic-minded people who submitted their land for a possible mill-site when approached by representatives of the Hempstead County Industrial Foundation or Chamber of Commerce. Their attitude was one of unselfishness and willingness to cooperate in the development of our Community. These persons earning special thanks in this case are: Mr. and Mrs. Earl Cooley, Floyd Ponder, Mrs. Frank Johnson, Mrs. Glennie Tunstall, and Mr. and Mrs. Donald Tate."

Nat'l and Red China Planes Have Battle

By SPENCER MOOSA

TAIPEI, Formosa (AP) — The Chinese Nationalist air force reported a clash with Communist MIGs near Quemoy today, but said its planes returned to Formosa bases unscathed.

The report came as Formosa echoed with warnings of war. Nationalist ground, air and sea forces were poised in combat readiness for any thrust from the Red mainland.

Air force headquarters said two formations of Nationalist planes on patrol over Formosa Strait were attacked by more than 10 of the swift, late model Soviet jet fighters. The MIGs then disappeared westward over the mainland.

The encounter was the first of its kind since July 29 when two Nationalist planes were shot down by MIGs.

Various Nationalist spokesmen reported:

One Office Law Backed by Firemen

EL DORADO, ARK. (AP) —

Amendment of a state law which prohibits an elected city official from holding more than one office will be urged by the Arkansas Firemen's Assn.

The organization, which ended a 3-day annual convention here yesterday, said the law caused hardship in several small towns where firemen could double as fire fighters.

Joe T. Robinson's Widow Succumbs

LITTLE ROCK, ARK. (AP) —

T. Robinson's widow of a United States senator and one-time vice presidential candidate, died here today.

Her late husband, a long-time senator from Arkansas, was Democratic vice presidential nominee in 1928. He was the running mate of the late Gov. Alfred E. Smith of New York, defeated for the presidency by Republican Herbert Hoover. Sen. Robinson died in 1937.

Mrs. Robinson died at a Little Rock hospital, where she had been a patient since mid-July.

Following her husband's death, Mrs. Robinson served 16 years as Little Rock postmaster under appointment by President Franklin D. Roosevelt. She retired from the postmaster's office in 1955.

Survivors include a brother, if Grady Miller of Little Rock, clerk of the U.S. District Court for Arkansas' Eastern District.

Funeral arrangements will be announced.

Missouri GOPs After Symington

By CLARENCE JOHNSON

SEDALIA, Mo. (AP) — "There isn't anyone who can't be defeated whether he is president, senator or congressman."

That's one Republican's theory about U.S. Sen. Stuart Symington, a very popular Democrat in Missouri, a state where Democrats generally are popular.

Expressing the theory was a Hazel Palmer, a stately, 54-year-old attorney. Now she's going to try to prove it by running against Symington in the November general election.

Miss Palmer, a partner in the Sedalia law firm of Palmer, Palmer, won her first statewide political race Tuesday. With party organization support, she easily defeated the men for the Republican senatorial nomination.

She is the first woman ever selected by either party to run for the Senate in Missouri. But Miss Palmer is unopposed.

"The political situation is very encouraging, and the state looks fine for my election," she said.

Miss Palmer has been dabbling in politics since, at the age of 7, she accompanied her mother, a Republican committeewoman, on doorbell ringing tours to get out the vote.

Miss Palmer served three terms as collector of revenue in Peas County but her biggest political battle wasn't for public office.

Just two months ago, the firm and energetic candidate retired as president of the National Assn. of Business and Professional Women, an organization with 175,000 members.

Missile Fired From Distance of 1500 Miles

Cape Canaveral, Fla. (AP) —

A lightning-swift Bomarc intercontinental missile blasted off today, triggered by a button pushed 1,500 miles away.

The sleek Boeing missile, launched against a simulated enemy aircraft by personnel manning an electronic computer in Kingston, N.Y.

The test had a dual purpose—to check the performance of the nation's most advanced air defense weapon and the effectiveness of an early warning air attack network known as "Sage."

Sage—which stands for semi-automatic ground environment—is a vast and complex air warning system which hooks up radar with computers capable of calculating data on an enemy air attack in seconds.

The Bomarc, which has an effective range of about 250 miles, rode off in search of an unmanned B17 bomber drone target cruising somewhere over the Atlantic test range.

At an altitude of about 60,000 feet the weapon curved over, toward the horizon and disappeared in a cloud at three times the speed of sound.

For test purposes, the Bomarc usually was away from the come at the last split second.

Ten minutes after the spectacular shot, the air force announced that "terminal information on the flight is classified."

The entire operation was controlled by one of the largest electronic computers in the world—so big that it occupies a three-story building covering two acres in Kingston.

Basically, here is how the sequence works:

A huge radar antenna at Patrick Air Force Base, 19 miles south of Cape Canaveral, picked up signals from the drone, relaying them to the control center at Kingston by special cable.

At seconds, the computer produced flight data which was fed into the missile's sensitive guidance system. Special communication lines connected the computer with the Bomarc site.

Then someone in Kingston pressed a button and the missile thundered into action.

Gunfire Wounds Three Negroes

LITTLE ROCK, ARK. (AP) —

23 caliber bullets in a pool hall at nearby College Station wounded three Negro youths last night, sheriff's officers reported.

James Willie Calvin, 17-year-old Negro of near Little Rock, was jailed on an open charge in connection with the shooting.

Hit by slugs from a shot pistol were Eddie Cooley, 17, of College Station and William Edward Phillips, 19, and Kenneth Thompson, 16, both of near Little Rock.

All Around Town

By The Star Staff

Announcement that the Cameron Mills, Inc. of North Little Rock will build a \$300,000 plant here is indeed good news, not only for Hope, but the entire area.

Any industry helps a community but this particular one was sorely needed. Hempstead has rapidly developed into one of the state's leading poultry areas, thanks, in no small measure, to Corn Belt Hatcheries.

The new Cameron mill will manufacture feed primarily for the poultry industry, a home product for a home industry, not only will the poultry industry benefit but so will farmers who raise grain crops.

The Cameron Company likes to buy its raw materials for feed as close to the mill as possible, thus the new plant establishes a local market for local crops.

Although actual personnel of such a plant is not large, the market afforded farmers for grains and the product manufactured for local poultrymen will reap dividends for the entire area.

The new firm, added with the already established firms such as Corn Belt Southern Farms, Inc., will certainly lead to greater things here.

The annual meeting of the Arkansas Council of Home Demonstration Clubs will be held at Southern State College, Magnolia, Aug. 12-15.

About 25 local HD members and HD Agent Mrs. Lorraine B. Wylie, plus an estimated 700 from other counties in Arkansas, will attend.

At the A.S.C. County Convention meets in the Courthouse here at 10 a.m. Aug. 18.

Purpose of the meet is to elect County Committee men and Alternates for the next 12 months, starting Sept. 1.

Miss Jackie Nell Cleaver
Recent Bride-Elect
Complimented

Miss Jackie Nell Cleaver bride-elect of David Cowan Brown was complimented with a miscellaneous shower Tuesday night in the home of Miss Malinda Marcum. Assisting hostess were Mrs. Lester Hickenbee and Paul.

The Marcum home was beautifully decorated with arrangements of summer flowers placed at vantage points. The center of attraction was the gift table that was covered with a blue linen cloth centered with a blue and silver shower umbrella which completed the color theme.

The honoree, lovely in a tressant frock of blue cotton, was presented a corsage of white carnations with blue satin streamers.

After Miss Cleaver opened and displayed her many lovely and useful gifts refreshments of cookies and punch were served to approximately 35 guests.

Circle 3 of the WCS met Aug. 4 in the home of Mrs. H. O. Kyler, Sr., with Mrs. Dale Barham as co-hostess. Mrs. Webb Lasefer Jr., circle chairman, gave the opening prayer and had charge of the short business meeting.

Mrs. J. C. Carlton offered a prayer for the sick and the absent members. Mrs. V. C. Brown gave an inspiring devotional message, "Are We Hiding Behind A Call To Service?"

"What Constitutes a Good Member?" was given by Mrs. R. E. Cain, followed by Mrs. Earl O. Neal's discussion of "Prayer Missionaries." Mrs. James Cox told of the urgent need for missionaries. Mrs. Lasefer dismissed the meeting with the benediction.

Following the meeting, a social hour was enjoyed by 13 members and one guest, Mrs. J. C. Carlton, president of the WCS. The hostesses served delicious punch and cookies.

Emmet Baptist WMU Meets

The WMU of the First Baptist Church of Emmet met Aug. 4th at 2 p.m.

Mrs. Perry Smith gave an interesting devotional followed with prayer by Mrs. Ernest Beatty.

The following officers were elected for the coming year: President, Mrs. Perry Smith; Vice President, Mrs. Flora Harmon; Secretary and Treasurer, Mrs. Fred Richards;

prayer chairman, Mrs. Ernest Beatty. Mrs. White voiced the closing prayer.

Mrs. Hefner Hostess to Circle 6 WCS of the Methodist Church Circle 6, WCS of the Methodist Church met in the home of Mrs. Byron Hefner Monday, Aug. 4.

Mrs. J. C. Carlton opened the meeting with prayer. The minutes were read and approved, followed by a report from the treasurer and year book committee. Year books were distributed to all the members.

Mrs. Carlton announced the seminar to be held in Ashdown, Aug. 27. Mrs. Max Belar reminded everyone of the union meeting of WCS to be held at the church, August 11, also the Spiritual Life group which will meet Aug. 13.

Mrs. R. L. Broach gave a very interesting and timely program entitled "Alaska Our Forty-Ninth State." Mrs. Broach displayed several wondrous ivory carvings and an attractive map of Alaska.

Miss Byron Denison Hefner gave a talk on "Mayhew-McDougal Memorial Hospital" followed by "A Summer of Service in Alaska" concerning the Jessie Lee Home by Mrs. Steven Bender.

After the meeting the hostess served cake and coffee to the 15 members present and one guest, Mrs. Vic Henderson.

tee tried to subpoena the document.

WASHINGTON (AP) — A convicted extortionist took the Fifth Amendment today when asked whether he split his shakedown profits with high officials of the teamsters union.

Sam Marrosso, former business agent of the Detroit Teamster Local No. 247, also refused to tell the Senate Rackets Investigating Committee whether he had any conversations with teamster President James R. Hoffa on getting out of prison in 1953.

And Marrosso refused to say whether the union secretly placed him on its payroll then in violation of his parole.

For the third day, the committee was exploring Hoffa's affairs with a technique of putting on witnesses for questioning about a specific incident, then following up by calling on Hoffa to give his version of the matter.

Hoffa sat silent with his lawyers, near the witness table, as Marrosso took the Fifth Amendment over and over, pleading that his answers might tend to incriminate him.

Tankers Hit Off Newport, Several Die

NEWPORT, R.I. (AP) — Two tankers — one loaded with 22,000 barrels of gasoline — collided and burst into flames in a dense fog today at the mouth of Newport Harbor.

Fifteen crewmen perished. Six fire-blackened bodies were recovered shortly after the collision and nine were found in a compartment aboard the flame-swept SS Gulfoll. The Navy said the nine apparently died of suffocation.

A huge Navy firefighting force still battled the flames hours later.

Twenty-nine crewmen were rescued out of a total of 53 on both vessels. Navy and Coast Guard craft, and helicopters, searched the waters for additional survivors.

The dead included Capt. Montreuil Edna, skipper of the Gulfoll. There were 30 aboard the Gulfoll and 14 on the S. E. Graham.

The Gulfoll had a crew of 38 and the S. E. Graham, a 250-foot motor tanker which carried the gasoline, had a crew of 12.

Twenty-eight crewmen were rescued and an intense search went on for the remaining 16.

The Gulfoll, 10,347 tons, was outbound empty from Providence, R. I., for Port Arthur, Tex., when she struck the port bow of the S. E. Graham, inbound from Newark, N. J.

GROWING GRAY

Hair grows gray because some of the cells of the hair contain a pigment, or coloring matter, and, as human bodies grow old, some of them lose the power to make new pigment, so that the hairs are colorless, or white.

Braves Come Up With Another Rookie Hurler

By JACK HANB
Associated Press Sports Writer
Carlton Willey, Milwaukee's smooth-working rookie pitcher, is making a strong bid to succeed teammate Joey Jay as the National League's "player of the month."

The 27-year-old right-hander who was farmed out to Wichita at call-down time now has won six, the last four in succession. As a result, the Braves boast a six-game lead, their biggest bulge of the season.

Willey threw a three-hitter at Pittsburgh Wednesday night for a 2-1 victory. While he was dropping the third-place Pirates eight games off the pace, the San Francisco Giants were dropping an 8-7 decision in St. Louis. The Giants blew a 5-0 lead and just missed in the ninth when Jim Brosnahan choked off a rally.

Robin Roberts allowed three home runs but still managed an 8-5 victory over Cincinnati, while Los Angeles took a 5-2 triumph at Chicago.

Stan Williams was the winner over Johnny Briggs, although he needed help from Clem Labine in the sixth.

In the American League, the New York Yankees continued to roll along, knocking off Baltimore 3-1 on Art Ditmar's five-hitter. Boston's Tom Brewer turned back Washington with three hits, 8-2, while Jackie Jensen hit his 31st homer. Roy Sievers had two homers for the Senators, boosting his season total to 30 and a tie with the Yanks' Mickey Vernon.

Billy Pierce won his 11th with a six-hitter against Kansas City 4-2. The Cleveland-Detroit game was postponed by rain.

Stan Musial climbed into a tie with the Reds' Ashburn of Philadelphia for the National batting lead at .343 driving in three runs for the Cards.

Chuck Stobbs, third St. Louis pitcher, turned the Giants after Bob Mabe and Bill Wight failed. Stobbs won his first as a National leaguer on five scoreless innings before he had to leave the game because of a blister. Don Johnson was the loser.

Ohio's Davis Is a Rare Athlete

DAVIS SPORTS
BUDAPEST (AP)—Glen Davis is a rare athlete who is good in practically all track and field events, great in three or four and supreme in one or two.

The Ohio State star can run the 400-meter hurdles in world record time of 2:49.2 seconds and he did Wednesday and then go across the field and pole vault 13 feet.

Davis' world mark Wednesday raised to five the number of international standards set by American, Soviet, Polish and Hungarian athletes in two weeks.

The other records are: decathlon—Rafael Johnson, Kingsburg, Calif., 9,302 points; 1,500 meters—Isivar Rodzalovsky, Hungary, 3:40.3; 3,000-meter steeplechase—Jerzy Chromik, Poland, 8:32; and hop, step and jump—Oleg Ryakovski, Soviet Union, 54 feet 5 1/2 inches.

In addition, eight American records, and 14 Soviet, Polish and Hungarian national marks were bettered. The Americans got another chance to continue the record-breaking orgy at Athens Saturday and Sunday. They wound up their two-day competition against the Hungarians and Czechoslovakians by boosting their total victories to 23 in 50 events.

Johnson bettered the former world mark after only nine of the decathlon's 10 events. Davis didn't take the usual tenth of a second off the old mark. He took three tenths. The previous hurdle record of 19.5 was his own set two years ago in Los Angeles.

Surplus Food Stamp Plan Is Defeated

WASHINGTON (AP)—The House Rules Committee today killed for this session of Congress a billion-dollar food stamp plan for distribution of surplus foods to needy individuals.

Race for Home Runs Best in the American

By JACK HAND
Associated Press Sports Editor

With the New York Yankees
leading by 16 games the best race
in the American League is for the
home run title.

Jack Jensen of Boston, Mickey
Mantle of New York, Roy Sievers
of Washington are leading the
highest and the race should go
right down to the wire.

Jensen slammed No. 31 Wednes-
day during Boston's 8-2 romp over
Washington in which Pete Runnels
of the Red Sox also assumed the
batting lead. Runnels took
over from Chicago's Billy Goodman
with three hits for a .333

average.
Sievers burl into a second-
place tie with Mantle by hitting
two off Tom Brewer at Boston to
make it 30 for the year. The Sena-
tor's slugging won both the homer
and runs-batted-in titles last sea-
son.

Mantle had only one hit, a single,
in the Yankees' 3-1 victory
over Baltimore. Art Dillner ex-
tended the Orioles' losing streak
to 10, longest in the majors this
season, with a five-hitter, hand-

LITTLE ROCK (AP)—Here is a

fishing report and forecast from

the Arkansas Game and Fish Com-

mission:

NORFOLK LAKE: Bass fair

late and at night on artificial

and deep running baits; crappie

and white bass fair at night on min-

nnows; catfish fair on trot and

limb lines using crawfish and min-

nnows.

LAKE OUACHITA: Water clear;

crappie fair on minnows; bass

fair on top water artificial baits

and artificial red worms early.

ing Jack Harshman another hard

luck defeat.

Mantle was chased by Pete

Umpire John Flaherty for protest-

ing a third strike in the eighth.

Chicago's Billy Pierce had King-

dom City eating out of his hand

most of the night on the way to a

4-2 victory. Cerv, however, hit his

29th homer with a man on base in

the first inning. Goodman had

only one hit—a triple—and

dropped a point to .332.

A thunderstorm at Detroit

washed out the Detroit-Cleveland

game with the Indians leading 1-0

in the third inning.

Milwaukee opened another

full game in the National, boost-

ing its lead to six games by down-

ing Pittsburgh 2-1 on a three-hit-

ter by Carlton Willey. St. Louis

overcame a five-run San Fran-

cisco lead and edged the second-

place Giants 8-7. Robin Roberts

won his 20th game, 6-5, despite

three Cincinnati home runs.

Charley Neal's 19th homer led

Los Angeles to a 5-2 verdict over

Chicago.

As a result of the day's action

in the National, Mantle moved up

to .348 with two hits tying lead

Richie Ashburn of Philadelphia

to the batting lead. Ashburn was

out of action with a bad cold.

Brewer turned in a brilliant job

to ride the Red Sox with a three-hi-

ter. He didn't allow a hit until

Sievers homered with two out in

the sixth. Sievers hit his second

of the day leading off the ninth.

Jensen, Frank Gonzalez and Ted

Leopold were Boston's home run

hitters and Ted Williams tripled

to drive in his 1,000th. His

total bases no stand at 450.

Pierce helped himself with a

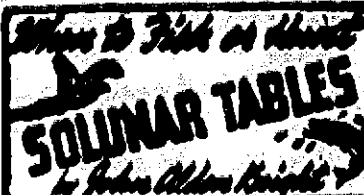

fifth-inning single on a rade home

on the first of Los Angeles' two

triples, breaking a 2-2 tie.

Viet Nam Trying to Settle Dispute

SAIGON (AP)—Nao Dinh Nhu, brother of South Viet Nam President Ngo Dinh Diem, flew to Cambodia today to try to settle a long border dispute between the two countries.

Nhu, the President's chief political adviser, is expected to ask for strengthened border patrols and better control of the hundreds of Vietnamese rebels now living in Cambodia.

Escaped Alligator Recaptured

WACO, Tex. (AP)—Albert the Alligator, a bit snappish early in the morning, was recaptured today after more than three weeks on the lam from the Waco Zoo.

Zoo officials said the seven-foot alligator apparently spent his days of freedom in and right around a culvert half a mile from the zoo.

Albert was sighted early today beside the road by an unidentified woman motorist. She called police. Albert was in three feet of water under a culvert.

The alligator was dragged out by the tail and zoo officials and five policemen subdued and returned him.

Assassin Leader Gunfire Victim

PANAMA (AP)—Ruben Miro, who never made good on his promise to tell all he knew about the assassination of President Jose Antonio Remon, survived a burst of gunfire from an unidentified automobile Monday night.

The 33 year old lawyer sustained three wounds. His condition was described as not serious.

Miro and six other defendants were acquitted last December of complicity in the 1953 machine gun slaying of President Remon. Both before and during the trial he promised to tell all he knew about the murder but never made any revelations.

China Wants a Separate Meet

HONG KONG (AP)—Beiping radio tonight called for a separate summit conference of the big powers, presumably including Red China.

This would be in addition to the U.N. General Assembly session on the Middle East.

Informed sources here believe Red China is having the groundwork for a specific demand to be included in a summit meeting after the General Assembly session.

Space Travel to Depend on Radiation

IOWA CITY, Iowa (AP)—Fresh data from the satellite Explorer IV gave further indication today that human space travel may first hinge on solving problems of intense radiation.

Carl E. Melvin, State University of Iowa physicist, released preliminary findings after examining decoded space radiation information from about 50 of Explorer IV's first 200 recorded passes.

He said that starting about 250 miles up, the intensity of space

radiation appears to double with approximately every 50 miles of altitude.

Finding of such intense radiation does not necessarily mean that there are "killer rays" in the space belt 1,000 to 1,400 miles out, he said, but it does suggest implications affecting human travel in space.

Under direction of Dr. James A. Van Allen, Iowa physics department head and acting chairman of the U.S. technical panel for the IGY earth satellite program, Melvin and George H. Ludwig designed the instrument package for Explorer IV.

Robert Fulton, inventor of the steamboat, was by profession a portrait and landscape painter, according to Encyclopedia Britannica.

FCC Chief Knows of No Price Fixing

WASHINGTON (AP)—Chairman John W. Gwynne of the Federal Trade Commission testified today the commission knows of no price-fixing conspiracy by the steel industry.

"We'd be glad to receive any evidence you have," he told the Senate Antitrust and Monopoly subcommittee after Sen. Estes Kefauver (D-Tenn.) expressed surprise the FTC was not investigating the latest steel price increases.

Gwynne said the consensus of the FTC is that nothing the subcommittee has turned up warrants action by the commission. He was referring not only to the current inquiry but to the sub-

News Briefs

WASHINGTON (AP)—Senate House conferees agreed today on a four-year compromise reciprocal trade bill giving President Eisenhower most of what he asked. The agreement, however, retained the House provision for a congressional review of the President's authority to override tariff

committee's investigation of the hike in steel prices last year.

Gwynne testified at a second day of hearings by the subcommittee on price increases averaging about \$4.50 a ton, or 3 percent, put into effect during the past week by all major steel producers.

Gwynne's testimony concluded the current hearings.

SOUTH WEYMOUTH, Mass. (AP)—The Navy exploration blimp ZPG2, bound for the Arctic, was delayed again today by unfavorable weather at Churchill, Man.

A radio message received at the Naval Air Station here, its point of embarkation, said the craft was grounded by rain, fog, high

winds and low ceiling. Rough weather and fog have plagued the 343-foot blimp since its takeoff July 27.

Its destination is an ice island known as T-3, an Arctic Ocean weather station.

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex.) left today by plane for Texas because

of the illness of his mother, Mrs. Sam E. Johnson, 76, of Austin. The departure of the Senate majority leader, who has a major voice in scheduling legislation, could complicate tentative plans for the adjournment of Congress

next week. Johnson told associates he hoped to return this weekend.
